

## FULLY COLLABORATIVE MOBILE APP TO INSPECT AND TROUBLESHOOT IN THE FIELD

### YOUR MACHINE JUST WENT DOWN!

What do you do? Do you call your PCMC Field Service Leader and request a qualified technician to come out tomorrow?

Now you won't have to wait 24 to 48 hours for a PCMC technician to get their eyes on your equipment. We are excited to introduce Accelerate LIVE remote video support!

### WHAT IS IT?

#### Mobile App

- Accelerate LIVE is a mobile app that creates a fully collaborative live environment to provide instant audio/video between your equipment and our PCMC technicians and engineering experts

#### Bring in the Virtual Expert

- Rapid response to your equipment issues
- Inspect and troubleshoot before the expert is on-site
- Save money and time with faster diagnosis of the problem
- Reduce downtime and increase production time with faster resolutions
